## Acronyms and abbreviations

## Executive summary

1. Chapter 1: Introduction
  - 1.1. Background and context of aquaculture in Zanzibar
  - 1.2. Rationale and scope of the policy
  - 1.3. Policy linkages with national, regional and international frameworks
  - 1.4. Vision, mission and objectives of the policy
2. Chapter 2: Situational analysis
  - 2.1. Current status and trends of aquaculture production and consumption in Zanzibar
  - 2.2. Strengths, weaknesses, opportunities and threats (SWOT) analysis of the aquaculture sector
  - 2.3. Challenges and gaps in aquaculture development and management
  - 2.4. Stakeholder analysis and participation
3. Chapter 3: Policy issues, statements and strategies
  - 3.1. Sustainable and ethical aquaculture development
  - 3.2. Promoting best practices and standards for animal welfare, environmental protection and social responsibility
  - 3.3. Enhancing resilience and adaptation to climate change and other risks
  - 3.4. Supporting innovation, research and development for aquaculture technologies and products
  - 3.5. Commercial and competitive aquaculture sector
  - 3.6. Improving access to quality inputs, infrastructure, markets and finance for aquaculture operators
  - 3.7. Diversifying and adding value to aquaculture products and services

- 3.8. Strengthening monitoring, control and surveillance (MCS) systems for quality assurance, traceability and certification
- 3.9. Inclusive and equitable aquaculture sector
- 3.10. Empowering women, youth and vulnerable groups in aquaculture value chains
- 3.11. Creating decent employment and livelihood opportunities in aquaculture
- 3.12. Enhancing capacity building, extension and education for aquaculture stakeholders
4. Chapter 4: Legal and institutional framework
  - 4.1. Legal framework for aquaculture regulation and governance
  - 4.2. Institutional framework for aquaculture coordination and collaboration
  - 4.3. Roles and responsibilities of different actors in aquaculture development
5. Chapter 5: Implementation framework
  - 5.1. Implementation plan with activities, outputs, outcomes, indicators, targets, timelines, and budgets
  - 5.2. Monitoring and evaluation (M&E) system with roles, responsibilities, tools, methods, and frequency
  - 5.3. Policy review mechanism with criteria, process, and frequency
